

Parent and student information on the corona situation

Compulsory schooling in Saxony has been suspended since March 16, 2020.

During the course of this week, schools will be closed until the end of the Easter holidays on April 17th, 2020.

This means that schools provide and publish learning tasks students solve independently at home.

These homework assignments are checked by the subject teachers and can also be assessed.

Emergency support has been set up at school for grades 1 to 4 at primary and special schools (for mental and physical disabled students).

Schoolchildren whose parents ensure the care of population, local public transport or medical care and have no other childcare options will have the right for emergency care in school.

Class teachers remain the contact persons for parents and students during this time. Schools can be reached by phone from 8:00 a.m. to 2:00 p.m.
